## OVERVIEW

The Abacus range is a group of 4 Picture Lights available in two sizes per colour finish, a 2 light and a 4 light. The 2 light lamp holds the slimline light bar using one arm which curves out from the small back plate, the 4 light has a longer bar held to the back plate with two curved arms. The satin nickel, antique brass and Satin Black finishes are in keeping with the wall lamps traditional design. Both fixtures come complete with dimmable replaceable G9 lamps.
