OVERVIEW

Inspired Lighting Ltd. are continually developing and improving their products.
Technical specifications subject to change without prior notice.

IL30763

Ava French Gold

The most comprehensive range of its kind currently available. One of the most amazing series of products created from the hand crafting of metal rings connected together and octagon crystal added throughout. By using smaller crystals throughout all the products, and consequently more of them, the end result is truly spectacular creating a mass of colour and sparkle. With certain products available in French Gold a traditional concept is also available.

Inspired Lighting Ltd. are continually developing and improving their products.
